

*Always there in demand,
To nurture little out reached hands.
Precious time and care you invest,
To guide, to teach, to love, to test.
The little hands and hearts you touch,
Appreciate you so very much.
A special hand to you we owe,
For all the small ones that you grow.
You help others to be all that can be,
It's because of teachers like you success in
life can be theirs to see!*

Thank you for being a dedicated teacher.
